

# Downloading an OverDrive eBook to an iPad/iPhone/iPod Touch or Android Device

## Getting Started

1. Go to the Apple App store/Android Market and download the **Overdrive Media Console** for iPhone/iPad or Android app.
2. You will need an Adobe ID to authorize the OverDrive app. To create your Adobe ID visit <http://www.adobe.com> and click on "Sign In."

## To Download an EPUB eBook

1. Launch the Overdrive Media Console and choose Get Books on the bottom.
2. Click on Add a Library (or choose NSLS – My Media Mall if it is already listed).
3. Click on Login and enter Glencoe Public Library and your library card number.
4. Find an available EPUB format eBook, check it out, and select "Download."
5. Your book will start downloading in the Overdrive app.
6. Once the book has been downloaded, select the title and begin reading.
7. After your checkout period you will no longer be able to access the book and will be prompted to delete it.

To return the book before its due date, simply glide your finger sideways on the title (iPhone/iPad) or choose Return/Delete in the menu (Android).
